

“The difference between good teachers and great teachers is that great teachers have mastered the art of teaching people things they didn’t know they needed to learn.”

LAE undertakes a variety of projects with the aim of furthering respect for the teaching profession, for its practitioners and support staff.

LAE’s advocacy program addresses issues that affect the profession in Louisiana and elsewhere.

- Achieving salary increases
- Representing teachers at meetings of boards, committees, the legislature and BESE
- Presenting workshops, conferences and training opportunities for Association members
- Supporting professional growth opportunities

Teachers talk to and share ideas with other teachers.

LAE strives to support an environment in which the spirit of adventure and curiosity, fascination with the world, and eagerness to explore can be inspired in those who instill these qualities in Louisiana school children.

Developing student potential through exemplary teaching is the first priority of LAE as well as to do all things necessary to encourage, uphold and dignify the profession of teaching.
